

Food Policy

New Brighton Community Center

- A list of preferred caterers has been established. These caterers have the required paperwork on file. See the list below with links to their website for detailed information.
- You may use a licensed caterer of your choice. The caterer will be required to complete a Caterer Agreement, as well as, provide proof of insurance and licenser.
- The contract holder may provide their own food as long as everything is prepared (fully cooked) off site. The NBCC kitchen facility may only be used to keep food hot or cold.

A commercial kitchen with an outside entrance is located adjacent to the community room. The kitchen is equipped with a commercial double oven and convection oven, microwave, dishwasher, refrigerator and ice machine. NBCC does not provide table coverings, skirting, dishes, food preparation or serving items. It is best to arrange for table coverings and dishware through the caterer. Please inquire about this when requesting information from any caterer. Catering equipment may only be delivered on the day of the event and must be removed from NBCC by the ending time on the contract. The caterer/contract holder is required to clean the kitchen after use.
